

Hydraulic presses made to customer specifications

Rental press for testing molds and small production series.

The press is sold as a used press but we are currently evaluating the opportunity to make it available to customers in order to carry out molds or small productions tests at our premises or a six-month-yearly rental for productions directly from the customer.

Main features:

- power 800 Tonn
- work plan 3000mm X 1700mm about
- vertical opening 2000mm
- cylinder stroke 1000mm
- possibility of mounting molds with a height of over 1050mm directly on the worktop, in the case of molds having lower height, the press is equipped with a lower support (height 700mm) to be coupled to the lower surface that allows printing with molds with a minimum height of 350mm

FROM A RECENT RESEARCH WE HAVE RECOGNIZED THAT THE PRESENT MARKET OF MOLD PRODUCERS ENHANCES WHOM TOGETHER WITH THE MOLD SUPPLIES A MINI-SERIES OF PRODUCTS DURING THE FINAL TESTING

TAKE ADVANTAGE OF OUR OPPORTUNITY

A.E.M.3 realizes all the parts of the production inside its structure, optimizing the delivery times, all this, thanks to the remarkable and complete range of equipment available and to the professionalism of the workers employed.
